NEW Redneck Shooting Gallery

Introducing the Redneck Saloon Gallery, a 24' L x 8' W x 10' H mobile trailer which houses 25 interactive target animation, these include sound, light, water, air and motion. Fully themed as a ramshackle old saloon, it is an 8 player game. Each player uses an infra-red laser pointer to try and shoot as many targets as possible in a given time frame, each gun station has a digital display showing the players score. **E S**

Baseball Skee Ball

The most popular carnival game of all! Roll your ball and see who can get the most points. **E**

Basketball Hoops

This exciting basketball hoops game is perfect for the competitive player in all of us or shoot hoops just for fun! This game has real basketball hoops and backboards. **E**

Batter Up

Let your guests feel like they are in the big leagues with this original baseball-themed inflatable game. Players can step up to the plate and take part in batting practice as they hot baseballs into an enclosed "outfield." The back wall has strategic holes, with designated 10-point values for each hit, amid realistic artwork, complete with defensive outfields trying to catch the ball. The Batter UP inflatable game offers plenty of three-dimensional details, with a baseball bat and ball-flanked opening and versatility: players can bat either left-right-handed. **E**

Bazooka Tag Paintball

Bazooka Tag Paintball is a multi-player game including paintball style markers, head gear, paintball style bunkers, team vests, and lots of foam balls to shoot at your opponents. For outdoor or indoor use, the playing field can be set-up to accommodate any size area. Since the balls are foam, similar to Nerf balls, they won't damage walls or furniture. Perfect for adults and safe for kids. 10 paintball style guns are available. **E**

Bubble Bowling

No bowling alley around? No problem; we have Bubble Bowling... Just climb inside and instantly, you are the bowling ball. Run down the alley and try to make a STRIKE! You'll be laughing so hard, you'll have a hard time making the ball go where you want it to. Additional operating charges apply after 4 hours.

Water Wars

Play the ultimate water balloon game! Water Wars is a game or competition—here is how you play: Opponents go to opposing battle stations with buckets of water balloons. Each battle station has a water balloon launcher. Place a balloon in the launcher, pull down on the handle, aim, and fire! Your balloon soars high through the air and comes crashing down on your opponent's battle station. There are strategically placed slots and holes in the structure that allows the water to come through. You might get sprinkled, sprayed, or saturated, but watch out, retaliation comes quickly....!

What could be more fun! Contestants launch water balloons at their opponent's target up to 50' away. Comes with up to (8) launching stations, up to (4) balloon filling station, and balloons. Customer is responsible for water source, hose, and the filling of the balloons. No electric required.

Launching Station: 2' x 4' x 8' each
Filling Station: 4' x 2' x 4'

A-1 for FUN FAQ's

Q: What time will our crew arrive?

A: As you work with your event planner, a delivery window will be specified. Generally, crews will arrive 1.5 to 3 hours in advance of event. Some attractions / events may require a longer set-up. We will rely on you to let us know if preparations on your end require a specific delivery window.

***You must provide a working cell phone number for a contact on site. ***

Q: I just thought of another question / need to relay more information but hate to call again.

A: Please do not hesitate to call. We are happy to help.

Q: What are the total dimensions of the item I rented?

A: Dimensions are listed on our website, but feel free to call.

Q: Will I need waivers?

A: Some of our attractions require that liability waivers be signed for participation. For participants under 18, waivers must be signed by a parent or guardian. Will you provide staff to have waivers signed or do we need to provide a staff member? You must also consider how our staff will identify participants that have signed a waiver. We can provide wristbands (additional charges may apply for larger events) but must be notified before the event. For any attraction requiring a waiver, no participants will be allowed on unless we can properly verify a waiver has been signed. There are no exceptions. Please address this in detail with your A-1 for Fun event planner before your event.

Q: Do I need any special electrical / water hook-ups?

A: While some of our smaller games require no electricity, all inflatables require at least one blower that must be plugged in for the duration of the event. No more than 2 blowers can be plugged in to any one circuit. Normally we require a regular 110v outlet on a dedicated 20 AMP circuit – this is considered a “normal plug” in most homes / businesses. We will need a dedicated circuit. A-1 for Fun will provide 50 feet of extension cord per item. No rental will be operated more than 50 feet from the electrical supply. Some of our items require multiple plug-ins or 30 AMP circuits. It is your responsibility to discuss electrical needs with our staff prior to our crews loading for your event. We will absolutely not be responsible for rentals that cannot run due to insufficient / incorrect power supply. We do offer generators for rental if your power supply is insufficient. *If you are renting a “wet” item, A-1 for Fun does not supply water. You are responsible for discussing water supply with your event planner prior to event.*

Q: What do I need to do before your crew arrives?

A: Be certain that A-1 for Fun has been informed of the type of surface we will be set up on – grass, pavement, carpet, cement, etc. Secondly, make sure set up area is a flat, even surface free of grass clippings, debris, gravel, animal feces, stumps, heating / cooling vents, grates / manhole covers, trash, or any other obstructions. Check above for power lines, low hanging limbs or low ceilings. Also, it is imperative that you check our local

incoming delivery route. Are there sharp curves or steep inclines that you need to route us around for our larger trucks? Once we arrive on site, how far do we unload from set up site? Are there stairs or elevators? What is the narrowest / lowest point we will pass through? Are there single or double doorways or narrow gates? Will contact be on site ready to meet us at specified time or will there be a wait?

****This is all incredibly important information for set up; if we are given incorrect information and/or set up site is not properly prepared, your set up may be delayed or your rental may be forfeited.****

Q: What about other event plans?

A: There should be no eating or drinking on/in rental items. Other party favors, especially silly string, are very harmful and should be kept away from inflatables. Inflatables should not be set up anywhere near a bonfire.

Q: Do I need to be worried about the weather?

A: Depending on the rental, light pop-up showers or mild breezes are generally not a cause for concern. Heavy prolonged rains and/or high winds render most outdoor items inoperable. Also, for indoor events, we must consider the ability of our crew to travel to and from the event safely. If inclement weather is forecasted, A1 for Fun staff will work closely with you up until it is time for us to leave for your event to advise whether rental items can be operated safely. Please note: once our crew leaves the warehouse to travel to your event, you will be charged. It is solely at the discretion of our crew as to whether rentals can be safely operated in current / pending weather conditions.

Q: Extra help setting up / tearing down?

A: There must be a responsible adult on site to ensure children/ guests are not on any of our equipment during set-up and tear down. To young eyes it can often appear that a rental is ready to go, but we may be working on properly securing the rental or testing electricity or safety features. No rental is ready for use until it has been cleared by an A1 crew member.

Q: Do inflatables need to be watched?

A: ABSOLUTELY YES!! A responsible adult age 18 or older must be present at all times to supervise the rental. One adult per rental is required unless your A1 event planner has specified otherwise. A-1 for Fun is happy to provide staffing at an additional charge; there are some rentals that must be staffed by trained A1 for Fun personnel. If you are supervising the rental or using volunteers they must be present prior to the start of the event to receive instruction.

Q: After reading FAQ's, I am still uncertain of some requirements for my event.

A: Please contact your A-1 for Fun event planner and let us know your concerns. We can talk you through it, or send a scout crew to the site well before the event to help you determine anything from rental placement to ensuring you have proper electricity; in fact, we recommend it on larger events. Additional fees may apply for scout crew, ask your event planner.
