A-1 for FUN

A-1 for FUN is East Central Indiana's largest inflatable, amusement, interactive and carnival game rental company. Our huge selection of items has traveled across many states bringing fun to company outings, colleges, school carnivals, fairs, festivals, church gatherings and many other events.

Our professional staff is trained on safety and customer service to provide you with the best party experience. We are also able to assist you in all aspects of planning and implementing your event as well as providing great service, quality products, fun and enjoyment all while being competitive on pricing.

Your event will be a great success because A-1 is the place for FUN!

PLEASE NOTE: Prices displayed are based on a four (4) hour rental. Cut-off time for weekend rentals is Noon on Friday!

Additional Services: call us at (765) 717-3098 for more information!

Fundraising

We have many fundraising options available to fit your needs.

Call us to schedule your next fundraising event using our inflatables and/or games. We can also use our Baskin Robbins trailers or carts to help with your fundraising efforts.

Or schedule a fundraising night at our Baskin Robbins store.

Catering

We cater parties from 10 to 500 people.

Call us for a menu and pricing.

A1 for FUN FAQ's

Q: What time will our crew arrive?

A: As you work with your event planner, a delivery window will be specified. Generally, crews will arrive 1.5 to 3 hours in advance of event. Some attractions / events may require a longer set-up. We will rely on you to let us know if preparations on your end require a specific delivery window.

***You must provide a working cell phone number for a contact on site. ***

Q: I just thought of another question / need to relay more information but hate to call again.

A: Please do not hesitate to call. We are happy to help.

Q: What are the total dimensions of the item I rented?

A: Dimensions are listed on our website, but feel free to call.

Q: Will I need waivers?

A: Some of our attractions require that liability waivers be signed for participation. For participants under 18, waivers must be signed by a parent or guardian. Will you provide staff to have waivers signed or do we need to provide a staff member? You must also consider how our staff will identify participants that have signed a waiver. We can provide wristbands (additional charges may apply for larger events) but must be notified before the event. For any attraction requiring a waiver, no participants will be allowed on unless we can properly verify a waiver has been signed. There are no exceptions. Please address this in detail with your A-1 for Fun event planner before your event.

Q: Do I need any special electrical / water hook-ups?

A: While some of our smaller games require no electricity, all inflatables require at least one blower that must be plugged in for the duration of the event. No more than 2 blowers can be plugged in to any one circuit. Normally we require a regular 110v outlet on a dedicated 20 AMP circuit – this is considered a “normal plug” in most homes / businesses. We will need a dedicated circuit. A-1 for Fun will provide 50 feet of extension cord per item. No rental will be operated more than 50 feet from the electrical supply. Some of our items require multiple plug-ins or 30 AMP circuits. It is your responsibility to discuss electrical needs with our staff prior to our crews loading for your event. We will absolutely not be responsible for rentals that cannot run due to insufficient / incorrect power supply. We do offer generators for rental if your power supply is insufficient. *If you are renting a “wet” item, A-1 for Fun does not supply water. You are responsible for discussing water supply with your event planner prior to event.*

Q: What do I need to do before your crew arrives?

A: Be certain that A-1 for Fun has been informed of the type of surface we will be set up on – grass, pavement, carpet, cement, etc. Secondly, make sure set up area is a flat, even surface free of grass clippings, debris, gravel, animal feces, stumps, heating / cooling vents, grates / manhole covers, trash, or any other obstructions. Check above for power lines, low hanging limbs or low ceilings. Also, it is imperative that you check our local

incoming delivery route. Are there sharp curves or steep inclines that you need to route us around for our larger trucks? Once we arrive on site, how far do we unload from set up site? Are there stairs or elevators? What is the narrowest / lowest point we will pass through? Are there single or double doorways or narrow gates? Will contact be on site ready to meet us at specified time or will there be a wait?

****This is all incredibly important information for set up; if we are given incorrect information and/or set up site is not properly prepared, your set up may be delayed or your rental may be forfeited.****

Q: What about other event plans?

A: There should be no eating or drinking on/in rental items. Other party favors, especially silly string, are very harmful and should be kept away from inflatables. Inflatables should not be set up anywhere near a bonfire.

Q: Do I need to be worried about the weather?

A: Depending on the rental, light pop-up showers or mild breezes are generally not a cause for concern. Heavy prolonged rains and/or high winds render most outdoor items inoperable. Also, for indoor events, we must consider the ability of our crew to travel to and from the event safely. If inclement weather is forecasted, A1 for Fun staff will work closely with you up until it is time for us to leave for your event to advise whether rental items can be operated safely. Please note: once our crew leaves the warehouse to travel to your event, you will be charged. It is solely at the discretion of our crew as to whether rentals can be safely operated in current / pending weather conditions.

Q: Extra help setting up / tearing down?

A: There must be a responsible adult on site to ensure children/ guests are not on any of our equipment during set-up and tear down. To young eyes it can often appear that a rental is ready to go, but we may be working on properly securing the rental or testing electricity or safety features. No rental is ready for use until it has been cleared by an A1 crew member.

Q: Do inflatables need to be watched?

A: ABSOLUTELY YES!! A responsible adult age 18 or older must be present at all times to supervise the rental. One adult per rental is required unless your A1 event planner has specified otherwise. A-1 for Fun is happy to provide staffing at an additional charge; there are some rentals that must be staffed by trained A1 for Fun personnel. If you are supervising the rental or using volunteers they must be present prior to the start of the event to receive instruction.

Q: After reading FAQ's, I am still uncertain of some requirements for my event.

A: Please contact your A-1 for Fun event planner and let us know your concerns. We can talk you through it, or send a scout crew to the site well before the event to help you determine anything from rental placement to ensuring you have proper electricity; in fact, we recommend it on larger events. Additional fees may apply for scout crew, ask your event planner.
